

FormBoss Metal Garden Edging

For Rooftop installations, 1.6mm gauge
Standard installation three angled brackets/length

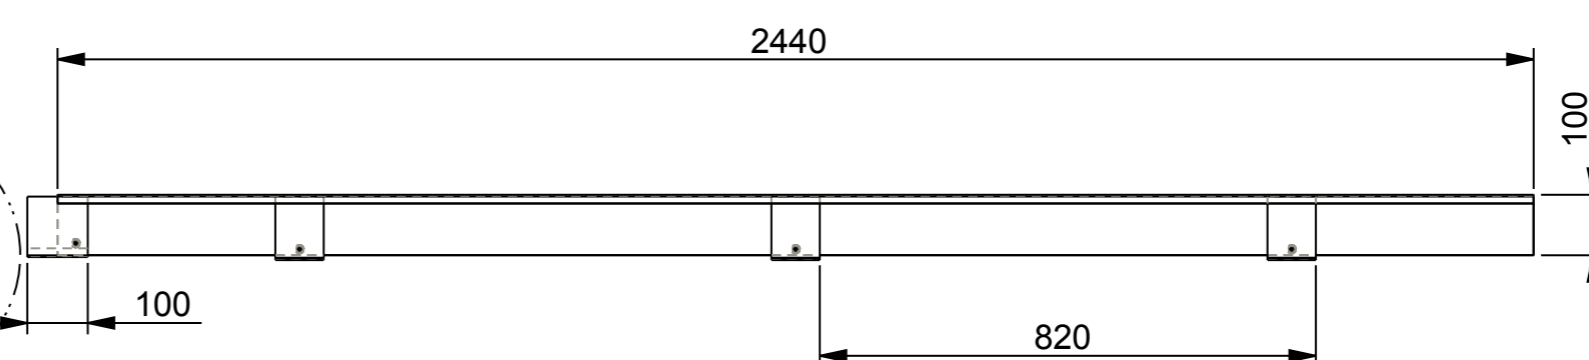

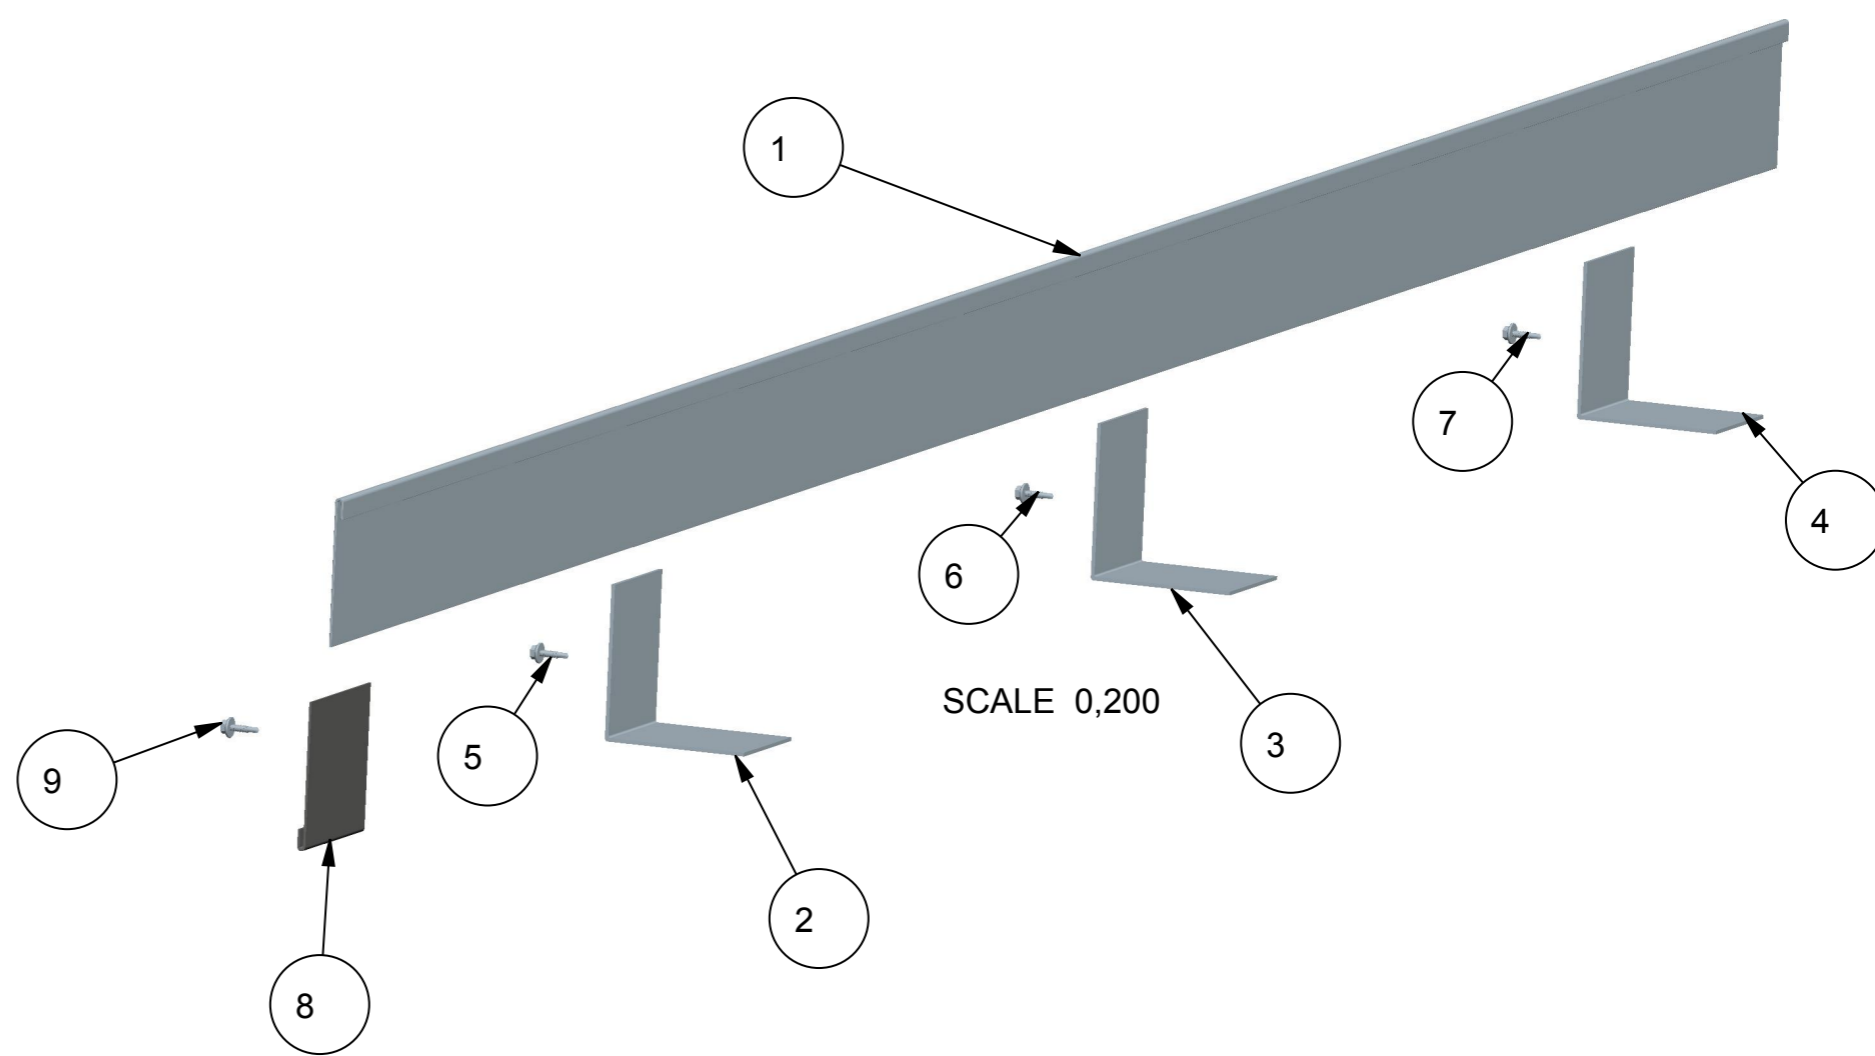

The angled brackets shown here are 105mm tall, 80mm wide, with a 100mm long base, and they are made from 2.5mm gauge Gal steel, but they can be made in ZAM, Corten or Stainless steel to suit your application. We can make them at any desired height for you, but keep in mind that this type of bracket will not suit 230mm profiles or higher.
